

Jorge Salas - Frontend Developer | React, Next.js & TypeScript

js_8765@yahoo.com - (618) 140-5454 - México

PROFESSIONAL SUMMARY

Frontend developer with **5 years of experience** building modern web interfaces using **ReactJS, Next.js, and TypeScript**. Specialized in developing efficient, scalable, and maintainable applications, applying best practices with **Jest, Vitest, and React Testing Library**. Skilled in remote and agile team environments, integrating **REST APIs**, and managing deployments through **Azure DevOps**. I leverage tools like **ChatGPT** and **GitHub Copilot** to enhance productivity, write cleaner code, and quickly resolve technical challenges.

SKILLS

Frontend: ReactJS, Next.js, TypeScript, JavaScript, Redux (RTK), Context API, HTML, CSS, TailwindCSS, Material UI, Styled Components

Testing: Jest, Vitest, React Testing Library

AI Assistants: GitHub Copilot, ChatGPT

UI/UX: Figma, Adobe XD, responsive design, pixel-perfect implementation, i18n

Tools & DevOps: Git, Azure DevOps, ESLint, Prettier, CI/CD, Netlify, Docker

Workflow: Agile/Scrum, Jira, Trello, Notion, remote collaboration, cross-functional teams

APIs & Backend: REST APIs, Node.js (basic), familiar with GraphQL

Data Visualization: Tableau (intermediate)

CMS: WordPress, Elementor, Gravity Forms, Webempresa

PROFESSIONAL EXPERIENCE

Encora Inc.

React Developer

Oct. 2021 – Present

Remote, MX

- Developed responsive and efficient web applications using ReactJS, Next.js, TypeScript, and Redux (RTK).
- Helped reach 80% test coverage with Jest, Vitest, and RTL.
- Integrated REST APIs and third-party tools, such as payment or analytics platforms.
- Managed CI/CD pipelines using Azure DevOps.
- Participated in code reviews, debugging, and continuous improvement.

Mariachi IO

React Developer

Oct. 2020 – Oct. 2021

Remote, MX

- Contributed to a B2B e-commerce platform and back-office system with an agile team.
- Collaborated with UI/UX designers on iterative improvements.
- Performed manual testing, bug fixes, and component optimizations.

OTHER PROFESSIONAL EXPERIENCE

Additional background (Feb 2016 – Sep 2020) on next page, if relevant.

EDUCATION

Instituto Tecnológico de Durango

B.S. Degree in Electronics Engineering

December, 2015

Durango, MX

LANGUAGES

English (Full Professional C1), **Spanish** (Native Speaker), **German** (Basic A2)

OTHER PROFESSIONAL EXPERIENCE

Independent Contractor

Project Manager – Solar Projects

Jun. 2017 – Sep. 2020

Durango, MX

- Led solar installation projects in rural and urban areas, managing teams, logistics, and deliverables.

Continental Automotive Guadalajara

Software Requirements Engineer

Feb. 2016 – May. 2017

Guadalajara, Jalisco, MX

- Handled documentation and technical requirements for automotive systems in collaboration with Ford Motor Company.

OTHER EDUCATION

DevF

Master in Coding - Bootcamp

Jan. 2020 – Sep. 2020

Mérida/Remote, MX

Intensive 10-month full-stack development bootcamp focused on hands-on learning: HTML, CSS, JavaScript (including async/await and API consumption), React (functional components, hooks, advanced state management), version control with Git, and agile methodologies. The program emphasized real-world project development and teamwork.
